

## MINERALIZED WATER ROUTS CHICKEN LICE

Tablets Dropped into Drinking Founts  
Banish Vermin, Make Fowls Grow  
Faster and Increase Egg Yield.

Any poultry raiser can easily rid his flock of lice and mites; make chickens grow faster and increase their egg yield by simply adding minerals to the fowls' drinking water. This does away with all bother, such as dusting, greasing, dipping and spraying. The necessary minerals can now be obtained in convenient tablets, known as Paratabs. Soon after the fowls drink the mineralized water, all lice and mites leave

them. The tablets also act as a tonic conditioner. The health of the fowls quickly improves; they grow faster and the egg yield frequently is doubled. Little chicks that drink frosty or the water never will be bothered by mites or lice.

The method is especially recommended for raisers of purified stock, as there is no risk of soiling the plumage. The tablets are warranted to impart no flavor or color to the eggs and meat. This remarkable conditioner, egg tonic and lice remedy costs only a trifle and is sold under an absolute guarantee. The tablets are scientifically prepared, perfectly safe, and dissolve readily in water.

Any reader of this paper may try them without risk. The laboratories producing Paratabs are so confident of good results, just to introduce them to every poultry raiser, they offer two big \$1 packages for only \$1. Send no money, just your name and address—card will do—to the Paratab Laboratories, Dept. 829, 1100 Cass City Bldg., Kansas City, Mo., and the two \$1 packages, enough for 100 gallons of water, will be mailed. Pay the postman \$1 and postage on delivery, and if you are delighted with results in 10 days—if your chickens are not healthier, laying more eggs and entirely free from lice and mites—your money will be promptly refunded. Don't hesitate to accept this trial offer as you are fully protected by this guarantee.

### Number, Please?

The man who had struck one of those rare, not-so-very-prosperous parties and didn't want to leave it, had made two unsuccessful attempts to get into the telephone booth, the third time negotiating it like a ferry going to a strange ship. He dropped his nickel in.

"Hello, Alix," he cried. "Say, guess I'm busy, that's good girl. Hello, what's this? I'm busy? Aw right."

He staggered out.

"Lord knows I tried to get her anyway," he mumbled. —American Legion Weekly.
